

Steelton-Highspire Virtual Learning Academy – creating unique opportunities for students!

Supportive, Dynamic and Quality-Focused – A Virtual Learning Academy to Meet All Your Student’s Needs

Steelton-Highspire School District has been educating students effectively for many years and recognizes that all students learn differently. Through a partnership with Virtual Learning Network, **Steelton-Highspire Virtual Learning Academy** offers flexibility paired with comprehensive support to ensure students are equipped to achieve their educational goals. Parents/guardians are also provided with a robust suite of tools and reports enabling them to fully support their students’ education.

UNIQUE OPPORTUNITIES

Steelton-Highspire Virtual Learning Academy students benefit from the flexibility of an online learning program and the unique opportunities provided by the school district.

- Earn a Steelton-Highspire diploma and participate in graduation.
- Design a customized schedule that includes options for full-time online learning or hybrid scheduling of online and in-building courses.
- Enroll in college-dual enrollment opportunities and VoTech programs through Dauphin County Technical School, Harrisburg University and Harrisburg Area Community College
- Become eligible for the Harrisburg Promise program which provides tuition assistance to attend Harrisburg Area Community College
- Become eligible for the School to Table Aquaponics Program
- Participate in the District food service program
- Participate in all district events and activities including clubs, music and art programs, athletics, field trips, and school dances.

STUDENT SUPPORT

Our online learning program provides an integrated, team-based system of 360-degree student support, engineered specifically for your student’s educational success.

- Daily synchronous homeroom session with a dedicated teacher
- Individualized Learning Plans & weekly progress reviews
- 1:1 support from content area teachers via Office Hours
- Asynchronous lessons available 24/7 to offer scheduling flexibility
- 72-hour grading turnaround
- Constructive feedback on graded assignments
- Guidance counselor services including in-person college and career readiness support
- Face-to-face tutoring support and access to district resources including library lab opportunities

PARENT/GUARDIAN SUPPORT

Parental support is critical to student success. Our program gives parents tools to easily monitor their student’s attendance and academic progress.

- Daily attendance tracking
- Online, real-time gradebook access
- Weekly progress reports
- Homeroom teacher point-of-contact

TECHNICAL SUPPORT

Students receive a Cyber School in a Box™ bundle, which includes a laptop computer, multi-function printer/scanner, and textbooks to supplement their online coursework. Quick and friendly Technical Support service is available to help students get back to work as quickly as possible.

- Technical Support Hours: 7 AM to 7 PM, 7 days a week
- Convenient access to contact Technical Support via phone, email, and a remote chat-based system
