

What Parents Say About School District Sponsored Online Learning Programs

“Our district cyber school let my daughter focus more.”

“My daughter was able to continue her education around her doctor appointments and work.”

“This was a great way for us to see if our son was ready for college...he also was able to have a part-time job to make money for college.”

“This program really worked out for our son as he had anxiety problems.”

“If this program was not available to our daughter I think she may not have graduated this year.”

“Our son appreciates the flexibility of the program. He enjoys the ability to do his work on his own schedule and to make appointments with his teachers when he needs help. He has had great success!”

Steelton-Highspire Virtual Learning Academy
